Model: T400/T600/T800
4-6-8 port alarm, ALL IN ONE SOLUTION

T400/T600/T800

**Power up and Secure
The Merchandise
With one system**

Brief:

The new T series is a flexible, Multi-position security system that allows retailers secure Multiple electronics and accessories as minimum cost solutions.

The new T series is a modular smart voltage regulation system which provide smart and Stable voltage to keeping 4-6-8 mobiles or tablets on charging together at the same time.

The new T series provide a full portfolio of sensors that can be configured to accommodate Different need. With different sensor , it is an “all-in-one “ solution.

Features:

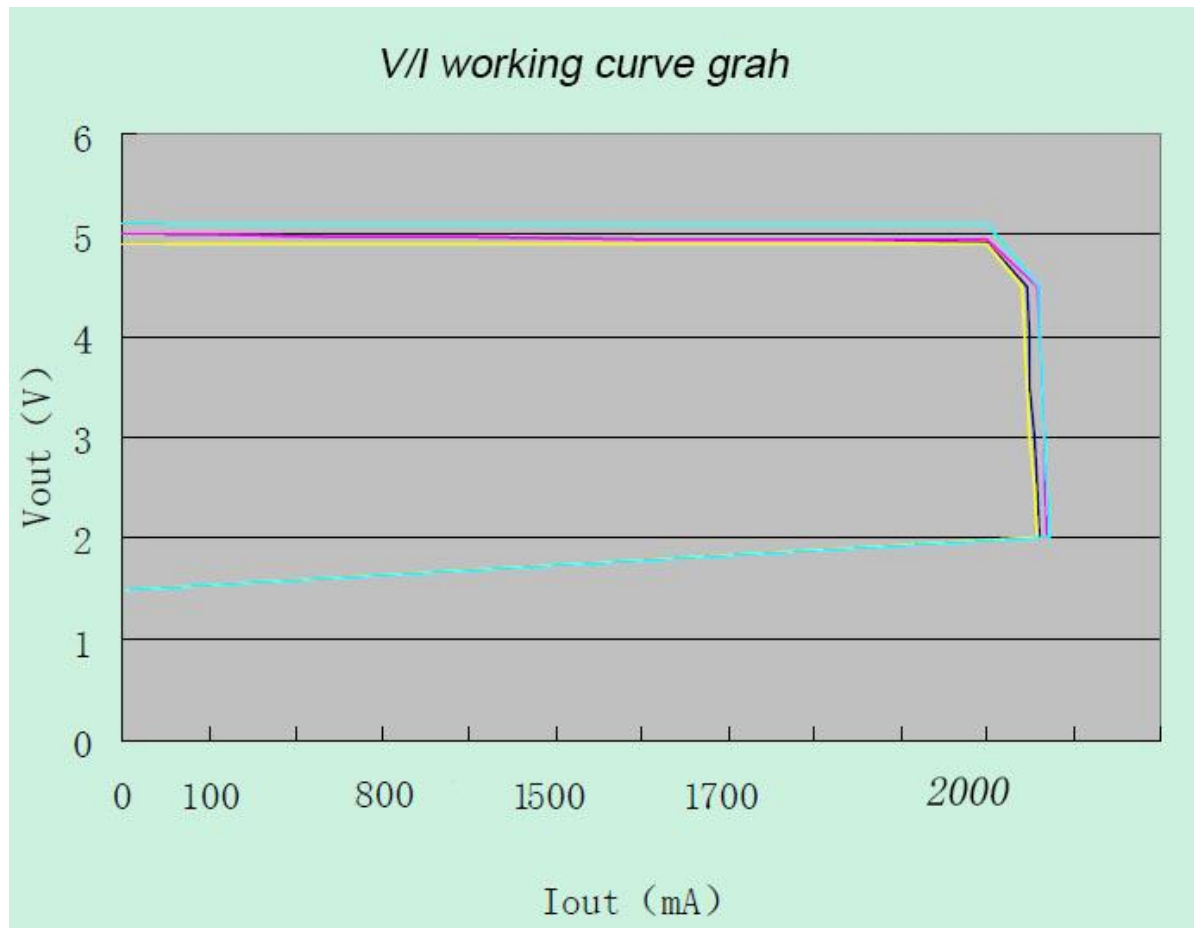

1. Secure up to 4/6/8 electroics devices at the same time;
2. Efficient power management offering maximum 5.5V/10A ;
3. Solid and bigger appearance, redefine display security;
4. All-in-one solution for retail merchandise.

Advantage 1:

Intelligent Power management

Intelligent power management IC to keep 4-6-8 port offering stable voltage and current, Even all ports are connected, the charging status still stable and output enough current.

Advantage 2:

Reduce Mistake Alarm

To avoid mistake alarm happened, T series system adopt 3 ways:

- Based on the Anti-jamming Algorithm software .
- Sensor include special signal cable detective the connector is full out of mobile ,to avoid loose connection in the wires makes alarm happen.
- Sticker which stick on back of mobiles , to keep the connection stable while the customers pick up the mobile phone.

Advantage 3:

Special cable sensor with LED indicator

Fully around LED not only shows nobility of your merchandise but also shows abundant working status.

- Once AC-DC power adaptor connected , It shows continus blue light
- Once alarm , it shows flashing light.
- If the AC-DC power adaptor is not connected, it shows intermittent flashing light by every 5 seconds .
- Once backup battery nearly finished, it will stop flashing.

Advantage 4:

Battery backup function, Maintain for 72 hours

Built-in backup battery can keep security function in case of blackout or power failure, when AC power down is sensed, the built-in backup battery supply voltage to maintain the security function for 72 hours automatically.

The following shows the case that battery backup mode works, A “beep” sounds when mode starting

- Case 1: Power cable is out off
- Case 2: DC jack is detached from the main alarm device
- Case 3: AC power cord is pulled from wall socket or out.

Advantage 5:

More Stable, More Reliable, Strong Compatibility

The New generation T series adopt series technology to keeping it more stable, more reliable and strong compatibility.

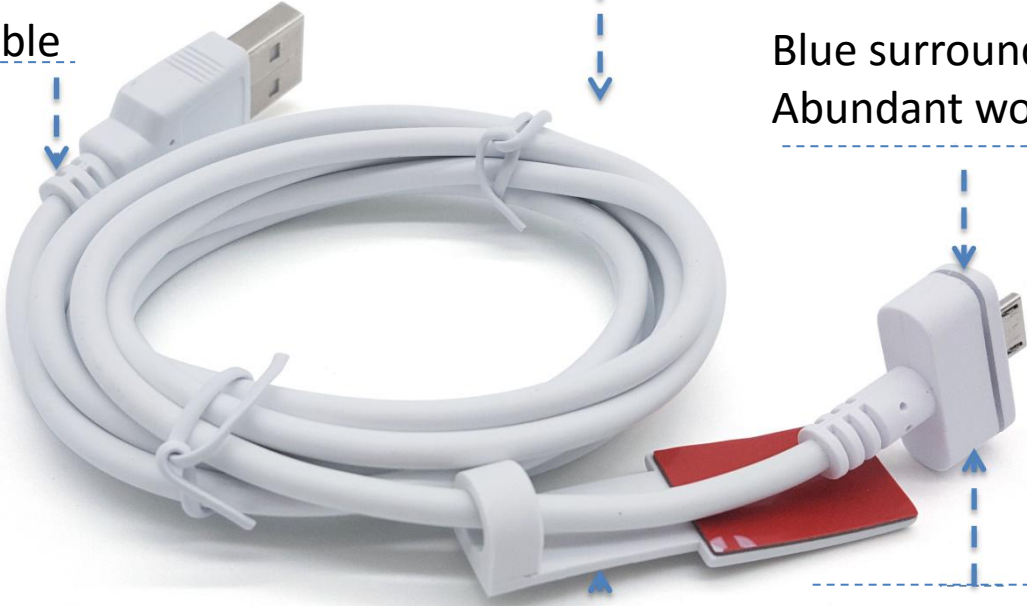

- **Line loss compensation design**, to keeping more stable voltage.
- **ESD design**, to keeping more reliable life of the main device.
- **Structural heat dissipation design**, to keeping more reliable life of the main device.
- **Compatible design**, perfect charging & alarm most of the mobiles or tablets any brand and models at global.

Advantage 6: Unique Cable Sensor

1.5M , 22#, Φ 3MM, it will reduce line loss and keep voltage stable

SR keep more life of cable

Blue surrounded LED
Abundant working status

Soft sticker will reduce the
Mistake alarm

Customized LOGO accept

SR keep more life of cable

Specification

Model	T400	T600	T800
Alarm Output	4 Standard USB	6 Standard USB	8 Standard USB
Power Supply	5.5V 8A	5.5V 10A	5.5V 10A
Alarm Volume	120DB(15cm)	120DB(15cm)	120DB(15cm)
Internal Lion battery /Date of standby	YES/10 days	YES/10 days	YES/10 days
Immunity of ESD	4 Class	4 Class	4 Class
Working Environment	-10~+50°C	-10~+50°C	-10~+50°C
RH (relative humidity)	<95%	<95%	<95%
Wireless Frequency of Receiver	315MHZ	315MHZ	315MHZ
Dimension	L175*W130*H30mm	L175*W130*H30mm	L175*W130*H30mm
Material / Color	ABS/ White	ABS/ White	ABS/ White

Optional Sensor Cable of T400/T600/T800

TL-01
MicroUSB Sensor With Fully Around
LED Indicator

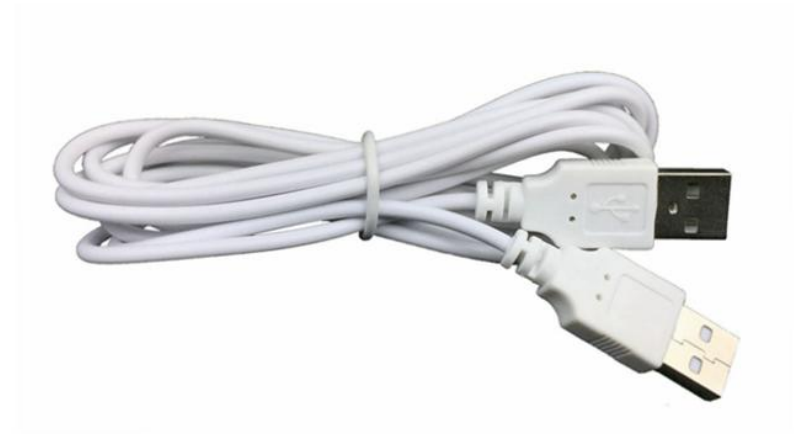

TL-02
For Apple Lighting Port

Optional Sensor Cable of T400/T600/T800

TL-03
For USB-C

TL-04
For Laptops

Optional Sensor Cable of T400/T600/T800

TL-08
Metal Sensor
alarm only

TL-09
Prolonge sensor cable
alarm only

TL-10
Thin Micro USB Sensor
With LED indicator
